How To Create Your Own Cash Flow Real Estate Empire Using The New Rules Of The Rich

The #1 “Cash Flow Secret” That Creates More Millionaires & Multi-Millionaires Than Any Other Income Stream.

Create a financial legacy by using the same Cash Flow Real Estate Rules that are normally only available to the rich and famous!

"THE MOST INSANELY SIMPLE WAY TO MAKE BIG MONEY FROM REAL ESTATE WITHOUT NEGATIVE GEARING, BUYING & HOLDING, OR PLAYING IT RISKY BY GOING INTO MASSIVE DEBT"

★★★★★

Attention: Fellow Real Estate Entrepreneurs...

Hi - Trent Giumelli here, I have a question for you...

Do you know what creates more Millionaires, and Multi Millionaires than any other money making, wealth producing vehicle on the planet?

I'll give you a hint...

- ❌ It's NOT stocks or shares.
- ❌ It's NOT term deposits in a bank.
- ❌ And surprisingly, despite all the hype and social media chatter, it's definitely NOT trading cryptocurrency using an app on your phone

Do you know what it is?

It's REAL ESTATE

The #1 INCOME Acceleration and WEALTH Creation vehicle on the planet - always has been, always will be!

DID YOU KNOW 98% OF ALL MILLIONAIRES CREATE WEALTH WITH REAL ESTATE?

Legendary billionaire Andrew Carnegie, stated that **90% of ALL MILLIONAIRES create their wealth with Real Estate** investments, deals and transactions.

Carnegie also claimed that **"more money has been made in real estate than in all industrial investments combined."**

PLUS - 4 out of 10 Australian BILLIONAIRES made their Riches in Real Estate

In addition, as stated by AFR (Australian Financial Review) - 4 out of 10 of the **Richest Australian Billionaires** made their wealth in the Real Estate sector.

Over the last 12 months, while the vast majority of people were making rookie mistakes gambling their hard earned cash on crypto speculation, and side hustles - **"The Smart Money"** in Australia retained their Billionaire status in 2020 by investing, transacting, and controlling Real Estate.

This is **never reported in the mainstream media** but despite a global health crisis, country-wide lockdowns, and small businesses closing their doors by the thousands, during 2020, a **quarter of the richest 200 Australians kept building their empires in the Real Estate sector.**

Of the 200 richest people in Australia, **48 made their money through property**, compared with 21 in the technology sector, 11 in mining and 11 in agriculture.

They were not chasing bright shiny objects such as Crypto-Currency, or following some stock tip on social media.

Corelogic property analytics reveals that the Australian real estate market is worth an eye-watering \$8 trillion.

**Australian Real Estate Is Worth A Trillion Dollars
More Than The Combined Value Of The ASX,
Superannuation And Commercial Real Estate**

The Smart Money knows that Real Estate creates **REAL CASH FLOW** and **BUILDS GENERATIONAL WEALTH** in a relatively short period of time.

BUT...

**You must use the same REAL ESTATE TACTICS of the RICH if you
want Financial Freedom**

WILL YOU BE PREPARED FOR THE MASSIVE TRANSFER OF WEALTH?

As currencies crash and market uncertainty continues in the months and years ahead - there will be a massive transfer of wealth that you will only see once in your lifetime. This represents the biggest opportunity to accelerate your income and create wealth that you'll ever experience.

SEE HOW MUCH ROC (RETURN ON CASH) OTHERS ARE CREATING AND WEALTH THEY ARE BUILDING USING MY REAL ESTATE BLUEPRINTS...

- \$100k In & \$25k Profit = 125k Paid or **25% ROC** (Narangba)
- \$50k In & \$15k Profit = 65k Paid or **30% ROC** (Brisbane)

The Easiest Way to Avoid a Financial Wipe Out and Manifest a Level of Prosperity Usually Only Available to the Rich and Famous

Warren here...

Have you heard of the Great Reset?

The World Economic Forum sees the current world situation as an opportunity to, in their words, completely "reset capitalism".

Basically, in return for all your property, stocks, investments, gold, bank savings, (and probably more!), which will be owned by the State, all of your debts will be forgiven.

Imagine waking up one day where you no longer own anything and someone else dictates to you how much money you make or what you can and can't invest in, with an electronic social credits system determining where you can and can't go in society....

Have I got your attention yet?

Yes I know this sounds like a science fiction movie set 1000 years from now...

But it's not. It's happening today, and it's shocking stuff!

At the same time the power hungry ultra-rich and greedy governments (who are controlled by the ultra-rich) are scheming ways to take your hard earned belongings and make them their own.

This is being sold to the masses by the World Economic Forum and Klaus Schwab, who has specifically mentioned it as inevitable.

Incredible predictions by the World Economic Forum state "By 2030, you'll own nothing and be happy about it"

They call it a reset, I think of it more like stealing from the masses to make the ultra rich even richer.

But check this out...

At the same time as this is all going on, there's a massive uprising in a new currency.

The cryptocurrency market is \$1.93 trillion as we speak and expected to soar to **10x or more by 2026**.

It is gaining momentum fast!

The cumulative market capitalization of cryptocurrencies grew around 300 percent in 2020, as digital coins became an increasingly investment tool. This was even above the market cap

I'm offering my LIVE Half Day workshop for FREE!

Why?

Because like you, I was once SOLD the LIE of "Working 40 hours (or more) per week, 48 weeks per year for 47 years of my life"

That means you spend 90,240 hours of your life working to make someone else rich! That doesn't include overtime and travel to work and back either! That's the BS plan Aussie workers are sold into.

I started my 38 years of experience in the building and property industries spending all of my money as soon as I had it in my hand (and sometimes more than what I earned)...

...until the economy tanked.

And emergencies kept piling one after another until I couldn't take it anymore.

So I Decided To **Fix My Money Problems For Good**

And I Did This As A "Single Dad Raising 3 Young Children."

When I realized that what I experienced could be the fate of any unknowing Aussie worker or family, I knew I had to step in and help everyday Australians like you fix all of your money issues before problems start to come in waves.

As a working class guy who went through all of this, I feel it's my duty to help you.

TRANSFORMING RESIDENTIAL HOMES INTO 5-7 YEAR RENTAL CENTERS

(088) 582-7760

Attention Astute Investors & Savvy Entrepreneurs:

Discover why NOW is the perfect time to "CONTROL" property and not "OWN" property...

Build Generational Wealth In Uncertain Times by Profiting from the Luxury Short Term Rental Market

Now's the time to discover why smart investors & entrepreneurs are moving into the LUXURY SHORT TERM RENTAL MARKET - which is one of the best Recession-Proof Property Investment Systems for securing your financial future and avoiding massive losses during challenging times like the COVID-19 Pandemic...

Controlling Luxury Short Term Rentals provides a Safe, Low-Risk Income Stream for astute investors looking for solid, income-producing opportunities without high risk of losses.

You get all the benefits of ownership, without most of the costs of ownership.

"LUXURY Holds Value Over Time..."

Unlike the over-saturated cheap short-term rental market - **Premium Luxury Properties** not only **HOLD** their value during a Global Financial Crisis, but **INCREASE** their value.

"PREMIUM is ALWAYS in High Demand"

Luxury brands like Louis Vuitton, Christian Dior, Tiffany & Co, Armani, and Rolex never lose their demand during a recession. The rich are still spending, buying and traveling - and when they travel they want luxury homes in exclusive locations.

We've seen this during the COVID-19 crisis, as many wealthy families chose to "shelter in place" during the lockdowns by escaping crowded cities and renting luxury properties in the wide open spaces of Arizona. Many were more than willing to pay a short-term rental price for a long-term rental agreement to stay at luxurious properties with their families.

Now that travel is making a comeback, most travelers are still preferring private homes over hotels and resorts. And, most people are taking trips to wide open spaces with outdoor activities, rather than crowded cruises or resorts. Luxury properties are booked solid, even during the hot Arizona summer.

One Single LUXURY Short Term Rental can return 100 - 300% more in weekly revenue than 5 to 7 other standard short term rentals combined!
